Plant Operations Support Consortium

Our Mission:
To increase the efficiency and sustainability of facility operations by providing timely and creative technical assistance, education and consultation to support facility construction, operation and maintenance.

Our Vision:
Facilities are recognized – and managed – as an important component in the mission of any organization.

The people who operate and maintain the facilities are recognized and supported as essential partners in the mission of any organization.

We will accomplish our mission and support our vision by providing:

**Energy Advisory Services**
- Energy research and answers to queries
- Energy audits and assessments
- Energy data tracking and interpretation
- Grant locating and writing support

**Technical Assistance and Consultation**
- Research
- Referrals
- Surveys
- Recommendations

**Facility Management Assistance**
- Strategic planning
- Condition assessments
- Consultant selection and procurement assistance
- Review of design options and alternatives
- Construction management

**No-Fault Effectiveness Assessments**
- Facility maintenance and operations
- Security
- Staffing surveys
- Equipment/preventive maintenance plans

**Leadership Development and Education**
- Listserv posting several times a week
- Reduced rate to our annual Energy/Facilities Conference
- Quarterly ShopTalk newsletter
- Webinars with experts in facilities management

**Equipment Brokering and Locating**

**Custodial Operations Support**
- Effectiveness and comprehensive custodial assessments
- Staff training
- Work loading and job card development
- Custodial research and consultations

**Other Support as Requested**
