Before we get started

- www.energy.wsu.edu/EventsTrainings.aspx
- New open office hours virtually
- Available to everyone
- Someone live and ready to help with questions
- Longer questions may be taken off line

2018 WSEC-R: Code Compliance Overview

Access this free training to gain an overview of significant changes and requirements in the 2018 WSEC-R. Hear from WSU Energy Program building science experts as they provide insights on energy code point package scenarios and a tour of compliance forms and resources to use when permitting single-family and multifamily new construction, additions and remodels. Training options include:

- **NEW!** Monthly open office hours: First Thursdays via Zoom

- Thursday, Oct. 6, noon to 2 p.m.

[Join Meeting](#)

- Monthly live webinars: Third Tuesdays – Lunch & Learn

- October 18: Resources and Tools from the Building America Solution Center, noon to 1:00 p.m.

[Join Meeting](#)

- Materials from the Sept. 20 training about HSPF2: [Slides](#)
- Materials from the Aug. 16 training about new Option 3.5b: [Slides](#), [Option 3.5b Rule-Making Order](#)

Link to PNNL's Website

The screenshot shows the homepage of the Building America Solution Center. At the top left, there is a green header for 'ENERGY.GOV' and a dark grey header for 'Building America Solution Center' with navigation links for 'Help', 'User', and a search bar. Below the header, there are navigation tabs for 'PROGRAMS & GUIDES', 'RESOURCES', and 'PUBLICATIONS & RESEARCH'. The main content area features a welcome message and a grid of six resource tiles: 'Building Components', 'Code Briefs', 'Guides A-Z', 'Library', 'Sales Tool', and 'Climate Packages'. The 'Disaster Resistance' tile is partially visible at the bottom right of the grid.
